## WP\_Woocommerce – PayUMoney Integration

**Step 1:** Goto your WordPress Admin Panel login page. Enter the credentials and you will reach the dashboard.

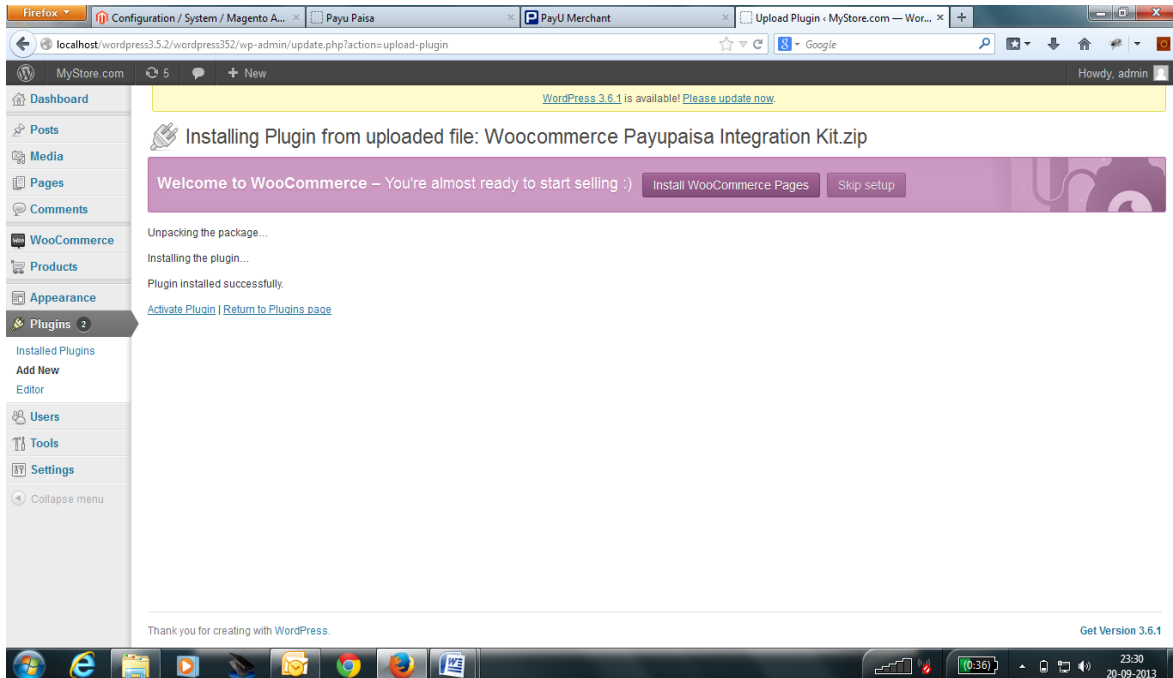

**Step 2:** Hover the mouse on “Plugins” and click on “Add New”. You should get to the next page which is mentioned below –

**Step 3:** Click on Upload, browse and select the Woocommerce **Plugin**. Click on “**Install now**” after this. Once installed, click on “**Activate Plugin**”.

**Step 4:** Just like the above step install the PayUMoney Plugin and activate it. See the screenshot below –

**Step 5:** Now click on the “**Payment Gateways**” tab and you should get to the following page –

[Payment Gateways](#) | [Bacs](#) | [Cheque](#) | [Cash On Delivery](#) | [Mijireh Checkout](#) | [PayPal](#) | **PayUMoney**

### PayUMoney

PayUMoney works by sending the user to [PayUMoney](#) to enter their payment information. Note that PayUMoney will only take payments in Indian Rupee.

Enable/Disable	<input checked="" type="checkbox"/> Enable PayUMoney
Title	<input type="text" value="PayUMoney"/> <i>This controls the title which the user sees during checkout.</i>
Description	<input type="text" value="Direct payment via PayU. PayU accepts VISA, MasterCard, Debit Cards and the Net Banking of all major banks."/> <i>This controls the title which the user sees during checkout.</i>
Merchant ID	<input type="text" value="JBZaLc"/> <i>Please enter the Merchant Key provided by PayUMoney.</i>
SALT	<input type="text" value="GQs7yium"/> <i>Please enter the Salt provided by PayUMoney.</i>

**Step 6:** Click on “**PayUMoney**”. You should get the following page –

The screenshot shows the PayU Money merchant settings page. On the left is a sidebar with navigation links: Products, Appearance, Plugins, Users, Tools, and Settings. The 'Settings' link is active. The main content area is titled 'Enable/Disable' and contains several settings. The 'Enable PayU India' checkbox is checked. Below it is a 'Title' field with 'PayU' entered. A description field contains text about direct payment via PayU. Further down are 'Merchant ID' and 'SALT' fields, both with red arrows pointing to them. Below these are checkboxes for enabling various payment methods: Credit Card, Debit Card, Net Banking, EMI, and COD. The 'Test Mode' checkbox is also checked. A 'Save changes' button is at the bottom left of the settings area.

**Step 7: Enter the following details –**

(a) If you want to use the demo -

**Merchant ID** - JBZaLc

**SALT** - GQs7yium

**Test Mode** – Select the checkbox against “Enable PayU Test Mode”.

(b) When you wish to go live –

**Merchant ID** – Enter the Merchant Key supplied to you (Please don’t enter the Merchant ID supplied to you).

**SALT** - Enter the Merchant Salt supplied to you.

**Test Mode** – De-select the checkbox against “Enable PayU Test Mode”.

Click on “**Save Changes**”.

Also, you may use the following credit card credentials for successful transactions in Test mode –

- Credit Card Number – 5123456789012346
- Name on the Card – Any name
- Card Expiry – May, 2017
- CVV – 123
